AID TO SOLDIERS

Town	\$ 825.09
County	1,707.52
	<hr/>
	\$2,532.61

All of the cases herein listed were carefully checked by a representative of the State Welfare Dept. before aid was allowed. In all cases where heads of families were physically able they were required to perform labor in exchange for the amount received. This notation applies for both Town and County applicants

In order that you may be acquainted with the procedure now being followed on welfare cases we take this opportunity to explain that the State is directly in charge of such cases and the Town is billed for 25% of the cost at the close of the fiscal year as you will notice in the balance sheet. You will note that we have an additional \$631.35 to pay when the money is available.

To Mrs. Jessie W. Giddings we again tender our thanks in acknowledgment of a further gift of many valuable books.

Mrs. A. K. Hills, our constant friend, has provided a number of magazines for the children.

Mention should be made of the use of the library in housing the very complete historical Exhibit which was one of the leading features of the celebration of the bicentennial of our town. The main room was crowded with a choice collection of heirlooms and relics of the early days, gathered and arranged by a competent committee under the Chairmanship of Mrs. Maria S. Groves.

Anticipating the use of the Library for this display, the Hudson Fortnightly Club, assumed the cost of the redecoration of the interior.

Some aid has been given the Librarian in the repair of books by an assistant working under the C. W. A.

Again, this year, it has been necessary to make considerable repairs to the roof, and the work of vandals has also necessitated a certain expenditure in the effort to restore the damaged interior.

Report of School Board

To the Citizens of Hudson:

Your School Board in submitting this report and the Budget for 1934-35 have born in mind that the depression period has not passed.

For the school year ending June 30, 1933, the expenses of our elementary schools were cut \$1,855.00 below that of the preceding year and if we had not had to renew sections of the boiler in the heating plant at the Webster School they would have been cut about \$2,300.00. Where we have made a reduction in expenses in our Elementary Schools our High School Tuition costs have increased, it being \$4,526.00 above that of the previous year. This is mainly on account of the increased number of pupils attending High School.

The City of Nashua has again cut the Tuition Costs for 1934-35. It being \$109.00 this year and \$101.00 for next year. With an enrollment of 130 High School pupils in September of this year, a graduating class of 26 and a Junior High graduating class of 58, it is reasonable to plan for an enrollment of 150 Tuition pupils next year.

Our fuel costs will be higher this year than we planned for, on account of the cold winter.

Our per pupil cost the past year was \$54.43 against \$60.40 the year before. The median for the state \$75.89, the average \$68.83.

The work of painting the interior of the Webster and Center Buildings have been done at practically no cost to the district, the workers and most of the material being provided from the C. W. A. Funds.

We respectfully submit Budget for 1934-35.

Totals	61	65	66	86	65	74	75	58	550

There are thirty more pupils attending the Hudson schools this year than there were last year, and forty-six more than two years ago.

The enrollment in the Webster School at the present time is forty-five more than on a similar date last year. There has been an increase of from five to ten pupils in each grade since last year. Less than half of this increase was caused by the closing of Number 1 School.

It has been planned for several years to close Number 1 School as soon as possible, and transport these pupils to the Webster School. A careful check-up last September showed that the over-crowded conditions in the Webster School would not be seriously affected by the addition of the pupils previously attending grades one to six at Number 1.

Last year, of the twenty to twenty-eight pupils enrolled at Number 1 School, twenty were transported from the Lowell Road at Stewart's Corner. By closing Number 1 School, we are able to make a net saving in our school budget of over eight hundred dollars.

With the increased enrollment in the Webster School, a small number from Grade 3, and a large number from grade 4 were placed in the Portable, and about forty from grades 5 and 6 were placed in the I. O. O. F.

With these transfers, there were left over fifty pupils in both grades two and three in the Webster School. After careful consideration of the proper training for these children, it was decided to employ a part-time teacher as assistant in each of these grades.

So far, we have been able to secure unemployed normal school graduates as part-time assistants in these grades. Already, two changes have been made in the third grade, due to the fact that these assistants secured full-time positions. I believe that this part-time assistance in these grades is going to increase the percentage of boys and girls properly qualified for promotion, and also greatly increase the educational opportunities of all the boys and girls.

There were no changes in the teaching staff in Hudson at the beginning of the school year, but on January 2, Miss Gladys Lowkis was employed to fill the vacancy in the Portable, caused by the resignation of Miss Theresa Beard.

I believe that the teachers and pupils of the Webster School should be commended for the excellent work which they did in connection with the celebration of Hudson's bicentennial.

Through the generosity of John A. Robinson in granting permission to use his land in the rear of the Webster School for playground activities, and the cooperation of the selectmen in leveling off this tract of land, we will next Spring be provided with much needed additional playground facilities.

Our present enrollment at Nashua High School is 130 pupils. This is slightly below the predicted enrollment for this year. Due to the fact that there are but twenty-six seniors from Hudson this year, and that we have fifty-eight pupils in the eighth grade, there

will probably be at least 150 children from Hudson attending Nashua High School next year.

We have been able to obtain from the Federal Government, under the Civil Works Administration, sufficient labor allotment and nearly sufficient materials for completely refinishing the interiors of the Webster and Hudson Center Schools. There has been no work done on these schools for six years, and this refinishing will put them in good condition for several more years.

The Webster School Parent-Teacher Association is continuing its good work in providing educational programs, and arousing a greater school interest among the parents.

REPORT OF SCHOOL NURSE

Hudson, N. H., February 1, 1934

To the School Board and Citizens of Hudson:

I tender my report as School Nurse from February 1, 1933 to February 1, 1934.

Number examined	583	Corrections	Under treatment
Number with defective teeth	196	286	
Number with defective vision	72	53	
Number of orthopedic cases	6		1
Number of goiter cases	1		1
Number of cardiac cases	4		
Number of defective tonsils	554	21	
Children taken to clinic	52		

We have had a large number of cases of whooping cough and chicken pox in the lower grades this winter; also five cases of scarlet fever.

The regular dental clinic is held every Thursday morning throughout the school year. Donations from the local teachers' association make possible many corrections which otherwise would not be possible.

In October, Dr. R. E. Kerr examined sixty-six children at the Webster School. Instructions were given to those who were underweight, and follow-up work showed these pupils to be gaining.

Donations from public-spirited citizens have been utilized for correcting vision.

Milk is provided for 162 children from the Federal Relief Administration, and cod liver oil is now supplied for all desiring to take it in the four lower grades.

Hot lunch at the Webster School is well patronized by the children who stay for dinner. Another donation has helped to

make it possible to serve hot cocoa or soup to the children of the Center School at a nominal price.

I wish to thank the teachers and parents for their fine cooperation.

Respectfully submitted,

HELEN J. HOUSE, R. N.,

School Nurse.
